- AutoFlush Valve with Cord
- Installation instructions

Operation

The optional AutoFlush System feature automatically drains the Mr.Steam® system following each use. A time delay allows the water to cool down (about two hours) before it drains by gravity for a safe and gentle operation.

Note: If the Express Steam® option has been installed, the AutoFlush will drain for ten minutes then refill with fresh water to begin the pre-heat cycle.

Our exclusive AutoFlush® automatically and electronically drains the system, providing CleanSteam... Every Time® and introduces fresh water.

NOTE: FOR ILLUSTRATIVE PURPOSES ONLY.

IMPORTANT: See the Mr. Steam Installation, Operation and Maintenance Manual, PUR 100472 for details.
