For installation, operation and maintenance information and instructions, please refer to the applicable MrSteam® Installation, Operation & Maintenance Manual(s). Installation & Operation Instructions and/or Technical Specifications are included with the product, and can also be found at mrsteam.com. Failure to install, operate and maintain any MrSteam product according to the applicable installation manual may result in property damage or an inoperable or hazardous condition. See product packaging and labeling for additional important information.

The products referenced in this Price Book are for commercial applications only. Installation of commercial products in non-commercial settings may result in property damage or an inoperable or hazardous condition. Commercial steam products require professional installation by licensed and qualified plumbers and/or electricians. For safety and convenience consult a professional contractor or trade person in specifying the appropriate products.

Prices and specifications subject to change without notice.

All images in this price book are for illustrative purposes only. Many images are altered for presentation purposes.

Contact MrSteam for complete product information.
Creating A Memorable, Revitalizing Experience
For Your Commercial Steam Baths

No matter the size of your space, our steam bath packages give you everything you need to create the perfect steam experience for your venue.
Innovation, Evolution, Revolution. 
CU and CT Generators Packages

Over the decades, MrSteam® has continually re-imagined the commercial spa experience and we are always asking: “What's next?” The result is the most contemporary, technologically advanced product line on the market.

Everything needed to create a Commercial Steam Room System is now packaged together for easy ordering.

CU Generator Packages
See page 7 for Large Commercial Package Details

CT Generator Packages
See page 16 and 17 for Light Commercial Package Details

High Performance. Low Maintenance.

MrSteam generators are crafted with meticulous attention to detail. Designed, engineered, and assembled in Long Island City, NY to the most exacting standards, our generators are clean, extremely reliable and efficient.
Large Steam Room Solutions

Our Commercial Packages and Accessories are ideal for large steam rooms in hotels, resorts, spas and clubs. At the heart of these packages are our CU Generators. Consistently reliable, low maintenance and high performing, they are manufactured to the same exacting standards that the U.S. Navy, the CDC and hospital operating rooms demand.
Find The Right Generator For Your Space

Compare your STEAM ROOM VOLUME to the specifications in the chart on page 9 and select the appropriate CU System.

Use the total value of the steam enclosure (in feet) to determine the model needed.

Length ______ x Width ______ x Height ______ = Room Volume ______

Occasionally a steam room has unforeseeable or hidden construction that warrants special sizing or other consideration. MrSteam is not responsible if unconventional and/or unforeseeable materials or construction details result in a unit that does not operate to specification. Refer to the applicable MrSteam Installation, Operation & Maintenance Manual, available at mrsteam.com, and consult a properly licensed contractor, architect and/or design professional. Failure to do so may result in an inoperable or hazardous condition. See product packaging and labeling for additional important information.

CU Generator Packages

Included in Every CU Generator Package

CU Generator
  • ASME and National Board Registered Pressure Vessel
  • Long-Life Stainless-Steel Heating Elements
  • SteamOnDemand® maintains pre-selected temperatures utilizing minimum energy for maximum heat... instantly
  • cULus listed

Digital 1° Control
  • Sets the desired steam room temperature

Steam Solenoid
  • Used to regulate the flow of steam into the steam room

CU SteamHead
  • 3/4” NPT, 100% solid brass, complete with polycarbonate cover
  • No moving parts, requires no field assembly

Automatic Blowdown System
  • System programmed daily discharge of accumulated sediment
  • Automatic Blowdown Digital Timer provides 24-hour/7-day automatic startup/shutdown and AutoFlush operation, reducing daily maintenance

Auxiliary Manual Reset
  • Independent manual reset; backup low water cutoff control

CU Generator Dimensions

Models C0360-C1400 measure 22”L x 25”W x 39 3/4”H
Models C2000-C3000 measure 33”L x 39 3/4”W x 33 1/2”H
Model C4500 measures 34 1/4”L x 30 3/8”W x 61 1/4”H
(Dimensions are approximate, with Automatic Blowdown System)

Important: If more than one room is being serviced by one CU generator, the appropriate CU1-Digital 1 or CU2-Digital 1 Control Package must be specified for each room.

All CU Commercial SteamBath Generators are available in 208/3, 240/3 and 480/3. Consult factory for other Voltage/Phase.

Only models CU360-CU1000 are available in 208/1 and 240/1 as priced. Specify Voltage/Phase when ordering.
CU 1 Generator Packages

The CU 1 Generator Packages now include a CU Generator, Digital 1 Control, CU SteamHead, Steam Solenoid, Automatic Blowdown System with Digital Timer, and Auxiliary Manual Reset making it easy to specify and order.

The Digital Control Packages are now included in the CU Generator Packages.
CU Accessories

By combining steam with AromaTherapy, lighting and SteamHead options, guests can further enjoy their steambath experience.

Commercial AromaFlo System

Fragrance Metering Pump $1,300
• CU-AROMAFLOA

Product Details
By merging fragrance and steam into a sensual mix, the AromaSteam metering pump atomizes the fragrance and creates the perfect in-steam aromatherapy experience.

• Includes stainless steel caddy to hold gallon bottle
• Works with one gallon AromaSteam Fragrance Bottles only

AromaSteam Fragrances

One Gallon Bottle $175
• CU-EUCALYPTUS
• CU-LAVENDER

Product Details
MrSteam’s Aroma Fragrances are specially formulated and packaged for use with the AromaFlo system. Each offers a distinct scent with characteristic benefits. AromaSteam Fragrances are for use with MrSteam AromaSteam Systems only.

See product packaging and labeling for additional important information.

Select from our aroma fragrances:
• CU-EUCALYPTUS: Deeply Refreshing
• CU-LAVENDER: Lightly Floral Scent

CU High Limit Device

High Limit Shutoff Device $575
• CU-HTC

Product Details
For use with any MrSteam CT Day Spa or CU Commercial Steam Generator System to provide over temperature shutoff and alarm function.

• The Device and the steam generator can only be reset by the attendant after the steam room cools to a point below the Device’s set point
Device is required where indicated by code.
ASME Code Blowdown Tank

CU360–2000 $2,950
  • CU-BDT-ASME36
  • Dimensions: 36” h x 12” dia.
  • Ship Weight 125 lbs.

CU2500–4000 $4,350
  • CU-BDT-ASME42
  • Dimensions: 42” h x 18” dia.
  • Ship Weight 230 lbs.

Product Details

• Essential equipment for automatic blowdown maintenance where building codes require maximum 140° F discharge
• Blowdown separators built to ASME Section VIII
• Separators reduce temperature and pressure to ensure a safe discharge of water and sludge
• Designed to utilize a water seal at the outlet which reduces outlet temperature to a safe discharge level
• No electrical hookup required
• Complete with temperature gauge, pressure gauge, and gauge glass assembly
• ASME Code UM vessel
Recessed Light

Aluminum Polished $750
- LEDLITE-AP

Aluminum Satin $750
- LEDLITE-AS

Product Details
The Recessed Light is a ceiling mount for architectural integration.

- Low voltage
- UL Listed
- 600 lumens
- 120 volt
- Includes 120 VAC LED Driver
- Includes rough-in bracket
- 3 ½ ” high x 4 ¼” diameter

CU Digital Timer

Digital Timer With Steam Vent $870
- 104327DIG

Product Details
- 30-minute digital timer
- Easy-to-use-timer so that patrons can safely time their sessions
- For installation outside the steam room only
- Includes Steam Vent

CU Mechanical Timer

Mechanical Timer With Steam Vent $375
- 104327B

Product Details
- 30 minute mechanical timer
- For installation outside the steam room only
- Includes Steam Vent
CU Steam Stop®

Steam Stop $435
- CU-STEAMSTOP

Product Details
- Emergency stop switch to electronically shut down the steam generator
- Multiple Steam Stop switches can be used with one steam generator
- Water-resistant, IP-69K rating
- Suitable for use inside or outside the steam room

CU Alarm

Alarm $240
- CU-ALAR

Product Details
- Audible alarm sounds in the event the steam room temperature exceeds the maximum set temperature
- Suitable for use with Digital
- Choose from multiple alarm sounds
- Mount in a standard 4” x 4” electrical box for installation
- cULus listed for general signaling, indoors and outdoors
- Important Information: Do not install the CU Alarm inside the steam room

Transformer 1/4 KVA

240V $550
- CU9933IC

480V $625
- CU9933IF

Product Details
- Provides control circuit voltage where 120V is inaccessible or costly to provide
- cULus listed

Steam Vent

Vent $275
- 104072

Product Details
Must use Steam Vent with room timer to release hydrostatic pressure in the boiler while filling when timer has timed out.
Included with Digital Timer and Mechanical Timer.
Day Spa and Resort Solutions
CT Packages and Accessories

CT iSteam and Day Spa® Packages and Accessories are ideal for light commercial venues such as day spas and resort spas. The CT Day Spa® Generators serve steam rooms no larger than 675 cu. ft. that are occupied by no more than two people at a time, and in operation less than six hours a day.

For illustrative purposes only. Refer to the applicable MrSteam Installation and Operation Manual(s) at mrsteam.com and consult a properly licensed contractor, architect and/or design professional.
CT iSteam® Packages

MrSteam’s ultimate steam command center, the iSteam3® Control, allows the owner/operator to preselect and customize the user’s steam bathing experience. This package gives you all the steam equipment and accessories you need. The Day Spa® Steam system is ideal for light commercial venues such as day spas and resort spas.
